Your family is about to invest in a beautiful gift! Catholic education is one of the most important investments you will make as a parent or guardian. We understand it may involve financial planning and modeling of stewardship to your family. The decision to invest in your children’s education will set the stage for their future success in high school and college life and far beyond. The result is clear. Choosing St. Pius X Catholic School has been shown to set young students up for success both academically and personally. Tuition rates for 2024-2025 school year have been set by our Tuition Committee.

We prayerfully set our tuition rates to best serve the needs of our students, provide partnership with our families, retain and recruit exceptional educators and administrators, and address system needs. What we can expect this next year:

- Adding additional staffing positions that include aids, and new teaching positions such as ELL teacher and Literacy Coach teacher to support the increase in enrollment.
- To maintain and retain the tremendous faculty and staff we have at SPX, we will continue to increase pay at a higher rate than historically has been implemented.
- Continued improvements to the facility, most notably renovation of school restrooms.
- Continue to improve upon the already planned safety initiatives.
- **Increase off-duty police hours onsite at St. Pius X daily to help create the safest environment around the area.**
